2<sup>nd</sup> September

Dear Parents/Carers,

We have been finalising our plans over the summer for this term.

We understand that transport will have been in contact with you in connection with the arrangements for the return and where possible pupils will be transported with others in their hub.

We have uploaded our updated risk assessments and procedures for your information on the school website so you can see what measures we are putting in place to keep everyone, pupils and staff safe. More detail is available on our website.

We have 9 systems of control set up to ensure safety. Some of the changes that will happen around school because of this will be:

- keeping pupils in their class groups and hub areas (bubbles) and avoiding all large gatherings in school including having lunches in classrooms
- enhanced cleaning regimes throughout the school all through the school day
- encouraging good hygienic practice (washing hands, 'catch it bin it kill it')
- separate entrance and exit points for each hub (lower, upper, Post-16)
- Increased visual supports, e.g. signage

**Please help us by not sending your child to school if they have any signs of illness.**

Accessing the testing service immediately if showing symptoms

We will contact parents should their child develop symptoms during school time.

If you have managed to get away this summer, please ensure you follow any quarantine requirements before your child returns to school.

As always, please contact school if you have any queries before your child's return.

Yours Sincerely,

Jamie Campbell.
