

Bluebell Park Covid Recovery Plan 2020/2021		Budget Allocation: £48,240
What barriers need addressing: <ul style="list-style-type: none"> <li>• Pupils who were unable to attend during lockdown phases losing key social skills and communication and interaction skills</li> <li>• Pupils with complex health needs had to shield and PHE guidance has not enabled some pupils requiring AGP to return to school swiftly</li> <li>• Opportunities for pupils to access work related learning for post 16 pupils and community based learning for all pupils have been severely limited</li> <li>• Guidance on isolating impacting on staffing levels and health and safety of all pupils including access to the curriculum</li> <li>• Remote learning has to be provided for pupils required to self isolate at home</li> </ul>		
Total pupils eligible:201	Total funding amount:£48,240	

Actions	Outcomes for pupils	By who	By when	Cost	Monitoring and review	Impact
Provide intervention support through targeted use of teacher and TA in booster base style provision	Individual pupil needs can be supported and improved	TAS	From Sept 21	£30,000 with remaining from school budget	Staffing levels are monitored daily The actions will be monitored on a weekly basis by SLT and will be reported termly to governors	
Purchase necessary resources to support the home learning experience in line with guidance	Pupils can access remote learning where digital access is not appropriate	SLT Class teachers	From Sept 20	£5,000		
The guidance for special schools from the government clearly states that home learning will not look the same for special schools as it will for mainstream schools. In most cases it will be inappropriate to deliver online lessons as each child has individual needs.						
Maintain safe	Pupils will continue	SLT	From Sept 20	Costs will vary		

staffing levels in class bubbles to ensure safety and access to curriculum offer	to access learning opportunities in school			dependant on number of staff isolating		
We have put in many measures to protect our staff as best as possible. We are still in one of the highest affected regions in the country and many of our staff are impacted on by this. As we have a high number of staff this also impacts on the situation. We have to maintain our safe staffing levels in class bubbles and this comes at a cost. It is difficult to predict the actual amount as the very nature of Covid, vaccinations and continually changing government guidance impacts on this.						
Identified lead to oversee remote learning	Pupils will access relevant remote learning from home	MS AD	From Sept 20	£3,000		
We appointed a TLR to oversee home learning to ensure that we were ahead of the game in planning and delivering home school resources and education. This has a cost implication but the return on the impact we have already seen is beneficial and financially efficient.						
Ensure resources and outdoor areas suitably equipped to allow for increased use	Pupils will be able to replicate community experiences as best as possible in outdoor learning environment encouraging independence, communication and social skills	AHTs	From Sept 20	£5,000		
More than ever we are relying on our outdoor space to facilitate and support the pupils outdoor learning. We need to update, maintain and improve on our existing resource base and this accounts for this expenditure.
