

# School is Closed

Bluebell Park School is closed, and everyone will stay at home.  
School is closed to let everyone get better and will open again when everyone is feeling better.

This means Bluebell Park children will NOT go to school, you will stay at home to stay safe and healthy.

The grown-ups who look after you at home will keep you safe and happy.

You can learn at home with the grown-ups you live with, and with any brothers and sisters who also live with you.

Your teacher has sent you a Home Learning pack to work through, and there are also useful links to websites and activity ideas on the school website.

The school will let your grown-up know when it is okay to come back to school.  
You will be okay, you will be safe.

Stay Home, Stay Safe, We will see you soon
