

What is a supported internship?

A supported internship is for 16 to 24 year olds with Special Educational Needs and Disabilities.

The supported internship runs for a minimum of 6 months and up to 12 months.

You will go to your employer 4 days a week and school or college 1 day a week.

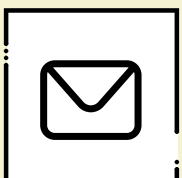

You will be supported by a trained job coach all the way through. They will give you lots of support at first, but as you learn the job and build your confidence, they will reduce the support, but only if it's appropriate.

The end goal is for you to be equipped with the relevant skills to apply for and secure paid employment.

You can get access to a follow on job coach in employment.

For more information contact your education provider or email:
